1 Consultation

1.1 Basis for consultation

- 1.1.1 The JFSC is issuing this consultation paper in accordance with Article 8(3) of the Commission Law, under which the JFSC “may, in connection with the carrying out of its functions [...] consult and seek the advice of such persons or bodies whether inside or outside Jersey as it considers appropriate”.
- 1.1.2 In addition, Article 15(3) of the Commission Law, requires that before the JFSC may introduce and publish any fee:
- “[T]he Commission must first publish a report that must include:
- (a) details of the duty or power for or in respect of which the fee is to be determined;
 - (b) details of the proposed fee;
 - (ba) details of the extent (if any) to which any penalties received have reduced the level of fee that would otherwise have been proposed;
 - (c) a request for comments on the level of the proposed fee; and
 - (d) a date, that is at least 28 days after the publication of the report, before which those comments may be made to the Commission”.
- 1.1.3 Article 15(4) of the Commission Law provides that should the JFSC and a Representative Body be unable to agree a fee that the JFSC must request the Bailiff to appoint 3 Jurats to consider if the fee proposed is unreasonable.
- 1.1.4 The JFSC considers that the proposed fee rates are reasonable and that this consultation paper constitutes such a report as required by the Commission Law.

1.2 Who will be affected by the proposed changes?

- 1.2.1 These amendments to fees will affect any person applying for, or having already been granted a registration, certificate, permit, consent or exemption under the:
- 1.2.1.1 Financial Services (Jersey) Law 1998, as amended, in respect of fund services business;
 - 1.2.1.2 Alternative Investment Funds (Jersey) Regulations 2012;
 - 1.2.1.3 Financial Services (Investment Business (Qualifying Segregated Managed Accounts – Exemption)) (Jersey) Order 2014;
 - 1.2.1.4 Control of Borrowing (Jersey) Order 1958;
 - 1.2.1.5 Collective Investment Funds (Jersey) Law 1988, as amended.

1.3 Responding to the consultation

2 The JFSC

2.1 Overview

- 2.1.1 The JFSC is a statutory body corporate established under the Commission Law. It is responsible for the supervision and development of financial services provided in or from within Jersey.
- 2.1.2 Article 15(2) of the Commission Law provides that fees set by the JFSC are to be retained and must, together with any other income:
 - 2.1.2.1 raise sufficient income to meet the JFSC's liabilities;
 - 2.1.2.2 cover the JFSC's expenses; and
 - 2.1.2.3 provide a reserve for the JFSC of such amount as it considers necessary.

2.2 The JFSC's functions

- 2.2.1 Article 5 of the Commission Law prescribes that the JFSC shall be responsible for:
 - 2.2.1.1 the supervision and development of financial services provided in or from within Jersey;
 - 2.2.1.2 providing the States, any Minister or any other public body with reports, advice, assistance and information in relation to any matter connected with financial services;
 - 2.2.1.3 preparing and submitting to the Minister recommendations for the introduction, amendment or replacement of legislation appertaining to financial services, companies and other forms of business structure;
 - 2.2.1.4 such functions in relation to financial services or such incidental or ancillary matters:
 - › as are required or authorised by or under any enactment, or
 - › as the States may, by Regulations, transfer; and
 - 2.2.1.5 such other functions as are conferred on the JFSC by any other Law or enactment

2.3 Guiding principles

- 2.3.1 Article 7 of the Commission Law provides that in exercising its functions the JFSC may take into account any appropriate matter, but that it shall have particular regard to:
 - 2.3.1.1 the reduction of the risk to the public of financial loss due to dishonesty, incompetence or malpractice by, or the financial unsoundness of, persons carrying on the business of financial services in or from within Jersey;
 - 2.3.1.2 the protection and enhancement of the reputation and integrity of Jersey in commercial and financial matters;
 - 2.3.1.3 the best economic interests of Jersey; and
 - 2.3.1.4 the need to counter financial crime in both Jersey and elsewhere.

3 Proposals

3.1 Proposed fee rate increases

- 3.1.1 The JFSC proposes to increase FSB, AIF and CIF, CoBO and QSMA fee rates by 7%. This comprises 3.6% being:
 - 3.1.1.1 the most recent Jersey RPI prior to publication; and

- 3.1.1.2 a further 3.4% comprising:
- › a contribution towards meeting the significantly higher costs of a major project to enhance the JFSC's work in respect of countering financial crime, which has already been initiated;
 - › investment towards restoring the JFSC's reserves to a level of six months' total expenditure from the prior year.
 - › Investment towards building an enhanced data analytics function;
 - › The final tranche in the increase of 15% in funding overall, in real terms, by end-2019, raised from this sector as from other sectors since 2015 to develop the quality of supervision.
- 3.1.2 The main driver of this calculation is the JFSC's new project to significantly enhance its supervision of financial crime. The full relevant cost of that is not included in this proposal. Collecting the full cost from this fee cycle onwards would have resulted in an increase of 12.5%, rather than the proposed increase of 7%. The reasoning behind not charging that full amount is set out below within Section 3.2.
- 3.1.3 The reserves of the JFSC have been reducing for some time as a result of capital investment in technology which enhances our supervisory effectiveness. A small contribution beginning to reverse this is included in the proposal. This will only go a very small way to beginning to reverse the trend of declining reserves.
- 3.1.4 The JFSC now has increased demands for data analytics due to the increased volume of data it holds and the need to analyse and report on that data. A small contribution is therefore included to help build out that function.
- 3.1.5 The JFSC has gradually raised its income from the funds industry in line with the strategic approach set out in 2015. This increased income has contributed to funding the Change Programme on which we are reporting in our 2018 Annual Report. That investment has been critical to maintaining the JFSC's supervisory effectiveness at a time when compliance costs for industry and supervisory costs for regulators have been rising in tandem.
- 3.1.6 The JFSC proposes to introduce fees for the amendment of existing CoBO consents issued for NDS (non-fund) and Jersey UT (non-fund) which are reflective of the work performed on such activities. As noted in Consultation Paper No.3 2019 (Registry Fees), a wider consultation on fees levied under CoBO will be issued within the next 12 months.
- 3.1.7 No penalties have been received which would reduce these fees.
- 3.1.8 Draft fees notices reflecting the proposals can be found in Appendices B to F .
- 3.1.9 Fees will be administered via firms' myJFSC portal accounts. Firms will receive an email prompt to notify them that an invoice is awaiting payment.
- 3.1.10 Similar fee increases will also be proposed to other industry sectors as part of their next fee cycles to ensure the burden of this increased funding requirement is fairly distributed.

3.2 Fee proposals

- 3.2.1 In Consultation Paper No.2 2016, the JFSC explained its intention to increase the amount of regulatory fees collected from industry by 15% above their 2015 level by 2019. We explained cost drivers, including the need to recruit, maintain and train effective regulatory staff in a competitive market environment.
- 3.2.2 The 15% increase is on target to be achieved, in real terms, during 2019.
- 3.2.3 The proposals in this Consultation Paper seek to ensure that the 15% increase is, in real terms, achieved during 2019; to provide additional funding in support of the JFSC's work in

respect of combatting financial crime; to enhance our data analytics capacity and to provide investment in the JFSC's reserves to return them to a level equal to at least six months' expenditure by 2022.

- 3.2.4 In 2021/2022, the Island will undergo its next MONEYVAL assessment. A strongly positive outcome to the assessment is considered crucial to the continued ability of the Island's financial services industry to access international markets efficiently. Jersey's Government has indicated that such an outcome to the assessment is one of its key targets over the course of the current Island Strategic Plan. In any event, the JFSC is of the view that the supervision of financial crime will require a significantly enhanced supervisory capacity in the next period having regard to the increasing sophistication and scale of financial crime risks.
- 3.2.5 The JFSC's efforts towards achieving a strongly positive outcome with regard to the forthcoming MONEYVAL assessment and tackling these financial crime risks are focused on demonstrating effective supervision as a key part of Jersey's AML/CFT regime, adequate remedial and enforcement activities, sufficient development of systems and data as well as ensuring the regime's overall compliance with FATF Recommendations. This work has already begun and the JFSC is currently building its Financial Crime supervision capacity.
- 3.2.6 The JFSC are liaising with Government to explore the possibility of bridging funding towards the cost of meeting the additional regulatory workload that is necessary to deliver the activities summarised at 3.2.5. Whether or not Government do provide bridging funding, ultimately the cost of regulation will need to be borne by industry over the course of time.
- 3.2.7 If Government were unable to provide bridging funding, the proposed additional increase over RPI would need to be increased to the extent that the bridging funding did not meet the expected additional expenditure in respect of the JFSC's increased AML/CFT activities. This would need to be dealt with as part of this funding cycle because the relevant expenditure is already being undertaken by the JFSC.
- 3.2.8 In respect of CIF and FSB fees, the key charging mechanism continues to be the number of pools of assets. There has been a continued decline in the number of pools of assets despite increases in the total assets under management. The impact of this has been somewhat offset by the success of the Jersey Private Fund (JPF) and last year's increase in the JPF annual fee by 100%. As such, excepting the proposed additional 3.4% increase, the rates for CIF and FSB fees are not proposed to increase over the 7%.
- 3.2.9 In our feedback on Consultation Papers No.2 2017 and No. 3 2018 the JFSC committed to being open to industry proposals to change the basis on which fees were charged, given the ongoing decline in the number of pools of assets, even while the total value of assets under management has increased (i.e. there are fewer funds, but they are larger). To that end, we provided aggregate data to the industry to help them assess new funding models. No agreed alternative to the current charging methodology has yet been put to the JFSC, however, as in previous years, the JFSC remains open to discussions on this subject.
- 3.2.10 The introduction of fees for amendments to existing CoBO consents issued for NDS (non-fund) and Jersey UT (non-fund) reflect work performed on these activities with a wider consultation on fees levied under CoBO to be issued over the course of the next 12 months.
- 3.2.11 JPF annual fee rates were increased by 100% in 2018 to £1,000. In feedback on Consultation Paper No. 3 2018 the JFSC committed to no more than inflationary increases in the JPF annual fee for 2019 and 2020. As such the proposed increase in respect of the JPF annual fee is 3.6%.
- 3.2.12 In respect of JPF annual fee rates, the JFSC notes that for each approximately 1% increase across other fee rates (AIF and CIF, CoBO and QSMA) an equivalent increase to JPF annual fee rates equates to approximately 33%. While the JFSC is not proposing to increase JPF rates

above the committed inflationary only increase, the JFSC invites feedback from industry regarding the potential for an over-inflationary increase to JPF fees such that the other fee rates might increase by a lower percentage. For example, if JPF annual fee rates increased by £1,000 to £2,000 the other fee rates consulted on would increase by 4% rather than 7%.

- 3.2.13 Depending on the funds sector's perspective on the urgency of current policy development projects and priorities, the JFSC invites comment on the option of a further increase of 1.5% across the board which would be sufficient to fund an additional policy development resource devoted to funds-related policy development (products, fund-sector-related fintech issues and the development of the legal framework for the funds sector).

3.3 Questions

- 3.3.1 Do you agree with the proposed fee rate changes consulted on in this paper?
- 3.3.2 Do you have views on the notions outlined at 3.2.12 and 3.2.13.
