# 1 Executive Summary

## 1.1 Overview

- 1.1.1 As a result of the need to replace the *Registry's* current aging ecosystem, some parts of which are now more than twenty years old, combined with the increased need to tackle sophisticated cyber security, as well as changing international standards and practices requiring new and more up to date registers, the Board of Commissioners authorised a consultation on the proposed changes to *Registry* fees.
- 1.1.2 On 5 April 2019 the *JFSC* issued Consultation Paper No. 3 2019. The purpose of the *Consultation Paper* was to seek views on proposals to amend and/or increase *Registry* fees as follows:
- 1.1.2.1 An increase in the annual return fee for companies, the annual administration fee for partnerships and foundations from the current fee of £210 to £240 when submitted by paper and £230 (a discount of £10) when submitted by the *Registry* online system. The fee increase was considered to be broadly in line with inflation and still well below the 2017 full inflation indexed amount of £260.
- 1.1.2.2 The introduction of a renewal fee of £50 for a registered business name, required to be renewed every three years. This was driven by the need to keep our business names register up-to-date and accurate. The new policy would only take effect once appropriate amendments have been made to the Registration of Business Names (Jersey) Law 1956. This was a reaffirmation of intentions previously set out in the *Registry* fee consultation in 2016.
- 1.1.2.3 An increase in *Registry* incorporation fees to be introduced in order to allocate *Registry* resource to enable a focus on customer needs, catering for both the financial services industry and the non-financial related activities of some local residents.
- Company registration fees will increase:**
- › For a 5 day incorporation from £150 to £165
  - › For a 3 day incorporation from £200 to £220
  - › For a 2 day incorporation from £250 to £275
  - › For a 24 hours incorporation from £350 to £385
  - › For a 2 hour incorporation from £550 to £605
  - › For an out of hours incorporation from £1,000 to £1,100.
- Partnership incorporation fees will increase**
- › For a 2 day incorporation from £250 to £275
  - › For a 24 hours incorporation from £350 to £385
  - › For a 2 hour incorporation from £550 to £605
  - › For an out of hours incorporation from £1,000 to £1,100.
- 1.1.2.4 Late filing fees to be changed so that the longer a filing is overdue, the higher the fee. For example: the annual return late fee will progressively increase by £55 a month until the end of June (the date the *Registry* sends out "strike off" notices) at which stage they will increase at £110

per month until the strike off date on the first working day of October of each year. This is a reaffirmation of processes previously set out in the 2016 consultation paper.

1.1.2.5 Ideally, all basic information (inclusive of the relevant Certificate of Incorporation, Memorandum and Articles of Association, Change of Particulars etc.) will be available for free, however this will be achieved gradually as new systems come on line and as new Registry value-added services are introduced. Current search fees for 2018 amounted to approximately £400,000. To this end the search fee will be reduced from the current £4 to £2 from 1 January 2020.

1.1.3 The purpose of this paper is to provide feedback on the responses received regarding the *Consultation Paper*.

## 1.2 Feedback received

1.2.1 The consultation period closed on 24 May 2019. Three responses were received by *Jersey Finance*. These responses were generically described to the *JFSC* as being received from a department store, an organisation providing advice to Jersey businesses, and a sole trader. Feedback was also received from a Company Secretary of a Jersey Limited Company.

1.2.2 The *JFSC* is grateful to all the respondents for taking the time to consider and comment on the proposals. The final Fees Notices can be found in Appendices A to I.

## 1.3 Next Steps

1.3.1 For the reasons given in this Feedback Paper, the *JFSC* will proceed with the increased fees (noting decreases and certain information to be eventually provided free of charge) as set out in the consultation paper except for the proposed annual return and annual administration fees which, due to feedback from responses to the consultation paper, will now be set £5 lower than originally proposed at £225 (Online) and £235 (paper). The lower amount takes into consideration, amongst other things, inflation, the current requirements for International Service Entities, comparative jurisdictions fees, current pressures on locally run businesses and current Government policy.

1.3.2 It should be noted that the amount of the total annual fee which is returned to Government is a matter which can be reviewed at this time between the Government and the *JFSC* and any revised approach would potentially have an impact on the financing of the Registry, depending on the precise terms of any such revised approach. Currently, the amount to be paid to Government under Article 201(2) of the Companies (Jersey) Law 1991 by virtue of the Companies (Annual Returns – Additional Charge) (Jersey) Regulations 2008 is £115. The remainder of the annual return fee is collected by the *JFSC* in accordance with Article 201(1) of the Companies (Jersey) Law.

1.3.3 On the 19 June 2019 the Governments of Jersey, Guernsey and the Isle of Man jointly announced a series of steps regarding each jurisdiction's central register of beneficial ownership information of companies and how they will move towards developing international standards of accessibility and transparency in the coming years. The full statement may be read at:

<https://www.gov.je/News/2019/pages/beneficialownership.aspx> . There are a number of commitments published within the statement which consequentially will require significant development and capital expenditure within the Companies Registry over the next few years.

- 1.3.4 Having consideration for 1.3.1 to 1.3.3 above, this fee response (including the proposed lower annual return fee of £225) is based on the assumption that funding for capital expenditure continues to be available from accumulated reserves. In the event that this would not be the case, fees would need to rise proportionally, and would be consulted on. As there is currently no evident issue in this regard, the planned capital expenditure has not been covered by this fee decision.
- 1.3.5 The proposed charge for re-registering a business name will be put on hold whilst a consultation assessing the need for an amendment to the Registration of Business Names (Jersey) Law 1956 is conducted. A rationale review was undertaken seventeen years ago and concluded that the law and register be kept. With the advent of digitalisation (and the widespread use of social media and search engines) respondents questioned the need for such a law.
- 1.3.6 The Fee Notices have been updated to reflect the increases and will be published on the JFSC's website. As with previous fee increases (of which there has been one since 2003, and which was consulted on in 2016 before becoming effective in 2017) the JFSC will look to communicate the increase in the appropriate manner. For example: to ensure all non-TCB administered entities are informed the JFSC will be writing to each entity setting out the increase and other changes during Q4 2019. TCBs should expect an email communication.
- 1.3.7 The fees set out in the attached Fee Notices are **effective from 1 January 2020**.
- 1.3.8 The basis for the fees is detailed within the Fee Notices at Appendices A to I:
  - › Appendix A – Registration of Business Names (Jersey) Law 1956
  - › Appendix B – Companies (Jersey) Law 1991
  - › Appendix C – Foundations (Jersey) Law 2009
  - › Appendix D – Incorporated Limited Partnerships (Jersey) Law 2011
  - › Appendix E – Limited Liability Companies (Jersey) Law 2018
  - › Appendix F – Limited Liability Partnerships (Jersey) Law 2017
  - › Appendix G – Limited Partnerships (Jersey) Law 1994
  - › Appendix H – Security Interests (Jersey) Law 2012
  - › Appendix I – Separate Limited Partnerships (Jersey) Law 2011.

## 2 Summary of Responses

### 2.1 Structure of this section

2.1.1 This section summarises the substantive comments received in response to the Consultation Paper. While not every comment received is individually listed, this section contains summaries of those most commonly made and the JFSC's response to those comments.

2.1.2 The Consultation Paper asked one question:

*"Do you agree with the proposed options and the proposed fee levels? If not, please suggest alternative fee levels and explain why the alternative fee level has been suggested."*

### 2.2 Summary of Responses to Question at Paragraph 2.1.2

2.2.1 Although the JFSC only posed one high-level question to this consultation paper, the feedback has been considered in line with the following sections:

2.2.1.1 Filing – Registration (Page 8)

2.2.1.2 Annual Return Fees (Page 9)

2.2.1.3 Late Filing Fees (Page 10)

2.2.1.4 Business Names (Page 10)

2.2.1.5 Searching Retrieval and Monitoring (Page 11)

2.2.2 A number of respondents also provided feedback in relation to the following points, and the JFSC has set out our responses to the feedback in the same way:

2.2.2.1 Publication and Engagement (Page 12)

2.2.2.2 Inflation (Page 12)

2.2.2.3 Registry and Regulatory Fees. (Page 12)

#### Filing - Registration

2.2.3 The majority of respondents did not believe that the proposed fee increases to be reasonable, however no specific comments were made on the proposed fee increases for registration. The majority of comments received were in relation to Annual Return Fees and the proposal to introduce a re-registration process for Business Names. In this regard these responses will be considered separately.

- 2.2.4 One respondent queried why the JFSC is proposing increases to its registration and Annual Fees at the same time the Data Commissioner is looking to introduce fees.

#### JFSC response

- 2.2.5 The JFSC and the Data Commissioner are two separate bodies and both have powers under the relevant laws to introduce and consult on fees.

#### Annual Return Fees

- 2.2.6 The majority of respondents did not agree with the increase in Annual Return Fee. A number of respondents queried the reference to inflation rates in their response and this has been considered separately in 'Inflation' on Page 12 of this Feedback document.
- 2.2.7 One respondent provided a counter-proposal to the increase in favour of a "separate, lower, annual fee for local small 'non-finance' limited companies, for which the annual return fee is a significant cost outside their control and which are not 'users' of the Registry in the form assumed". Another respondent raised an objection to the lack of distinction between finance and 'non-finance' companies citing that the former was subject to full regulatory regimes. One respondent queried why the JFSC had not considered introducing a lower fee in line with the same scale in Guernsey.

#### JFSC response

- 2.2.8 The JFSC appreciates that the annual return fee is a cost which is outside the control of all companies registered in Jersey, and is a fee which can be considered a 'serious cost for micro-businesses'. As detailed in the Consultation Paper, the JFSC has carefully considered the level of fee in line with a comparison of similar jurisdictions. The JFSC notes that the fees proposed are lower than those of competitor jurisdictions (even those which provide a differing fee between non-regulated companies and financial product companies).
- 2.2.9 Although the JSFC is thankful for the suggestions regarding fee scales, to administer a tiered fee structure with the number of Companies registered would be unworkable. The Registry does not have the resources to ensure that this scale is adhered to, or the information in order to develop the scale in line with current proposals. Accordingly, by implementing a tiered approach in favour of 'local small, 'non-finance' limited companies, the Registry would be required to develop a bespoke system to operate and administer, which could result in the costs being passed back to the user, defeating the purpose of the system.
- 2.2.10 The services offered by Registry are available to support all users of the Registry regardless of the sector or business type. Certain services, such as outreach, education, support submitting documentation, or general assistance are used more by local businesses in comparison to Trust and Company Service Providers who administer other types of limited companies. The development of APIs, online assistance, and fast-tracked services are typically used by Trust and Company Service Providers and may not be relevant services for local 'non-finance' businesses

to consume. Support services are provided on a case-by-case basis to ensure that all businesses are able to benefit. There are separate fees payable for finance firms which are subject to Jersey's regulatory regime which are contained within the relevant regulatory fees notices.

- 2.2.11 One respondent queried whether there would be any amendment to the fee sharing agreement (in respect of Annual Return income) with the Government of Jersey.

### JFSC response

- 2.2.12 The arrangement between the JFSC and Government is set out in legislation (the Companies (Annual Returns –Additional Charge) (Jersey) Regulations 2008. It should be noted that the JFSC and Government are currently working together to determine the amount of revised total annual fee which is returned to Government. Currently, of the amount received per annual return, Government receives £115.

### Late Filing Fees

- 2.2.13 No respondents raised any specific concerns regarding the proposals which relate to late filing fees.

### Business Names

- 2.2.14 A number of respondents raised concerns with the introduction of a re-registering concept for Business Names and the fee increase citing the following reasons:
- 2.2.14.1 *“from £15 to £25, for what simply could be a change of address and which is a simple task with the aid of IT, [is] expensive;”*
  - 2.2.14.2 *“what could be more destabilising for business to know that the name of one’s firm, which is intellectual and commercial property of the first magnitude and on which recognition in the market depends, is up for grabs every three years?”*
  - 2.2.14.3 *“the requirement to register a business name is fraught with difficulties:*
    - › *Not least that it is every 3 years*
    - › *A business name is part of the IP of the business*
    - › *Businesses invest in their name/logo”*
- 2.2.15 The independent compliance consultant also noted that whilst they were supportive of the concept to introduce a three year cycle to re-register business names, they felt that greater consideration should be given to the increased administrative burden it will place on small businesses, even with the future introduction of an online portal. To address ‘the present imbalance between a financial services business and a non-financial services sole trader’, this respondent suggested that an alternative fee scale be introduced (e.g. based on the number of employees, turnover, or a business’ gross profit’).

### JFSC response

- 2.2.16 As noted above, this proposal will be put on hold whilst legislative amendments are considered. As such, a further consultation with persons affected by the proposals will be published by the Government of Jersey and debated as an amendment to the relevant legislation in the States Assembly.
- 2.2.17 Although the JFSC appreciates that this proposal may create an administrative burden to all businesses (irrespective of size or sector), the JFSC believes that, for the following reasons, the introduction of a re-registering process will be an important part of maintaining the register for future years:
- 2.2.17.1 To prevent the current Business Names register from being used as a form of a trademark/copyright register.
- 2.2.18 Although the JSFC is thankful for the suggestions regarding fee scales, to administer a tiered fee structure with the number of vehicles registered on the Business Names register (currently standing at more than 32,000) would be unworkable. The Registry does not have the resources to ensure that this scale is adhered to, or the information in order to develop the scale in line with current proposals. Accordingly, by implementing any of these fee scales, the Registry would be required to collect further data from businesses, resulting in additional administrative burden for firms, and would be required to develop a bespoke system to operate and administer, which could result in the costs being passed back to the user, defeating the purpose of the system.
- 2.2.19 The intention of this proposal is to create certainty, rather than uncertainty when considering re-registration process for business names. Following the consultation as described in paragraph 2.2.16 above, and if approved, the JFSC would look to manage any potential uncertainty felt by firms by actively publicising the re-registering process and sending reminders to businesses well before the re-registration deadline to give businesses ample time to consider and submit their filing.

### Searching, retrieval and monitoring

- 2.2.20 One respondent was surprised that the Consultation included a decrease in the search and retrieval fee from £4 to £2, as this respondent felt that this was counter to the 'user pays' model.

### JFSC response

- 2.2.21 In line with international standards, ideally all basic information will be available for free, however this will be gradually achieved as new systems come on line and as new Registry value-added services are introduced. As such the reduction in search and retrieval fees will be reduced in line with the proposals set out in the Consultation.
- 2.2.22 Although it is likely that regulated financial services businesses use this service more than others, the information becoming more readily accessible will assist all businesses in conducting due diligence on prospective partners, or when entering into a new business arrangement.

## 2.3 Summary of additional comments

### Publication and Engagement

- 2.3.1 One respondent raised concerns that the Consultation Paper was not published in a way that made it likely that 'is brought to the attention of those affected'. It was also indicated that this respondent believed that by engaging with Jersey Finance Limited, the JFSC did not adequately consider the needs and interests of those non-finance companies touched by the proposals set out in the Consultation.

#### JFSC response

- 2.3.2 The JFSC thanks this one respondent for their feedback with regards to engaging local businesses on this consultation. The JFSC uses both traditional and modern forms of communication to bring information to the attention of stakeholders who are likely to be affected. Although this cannot guarantee that every stakeholder is aware of changes which may impact their business, the JFSC uses best endeavours to ensure that any consultation reaches its intended recipients. For this consultation, alongside publishing a press release on the JFSC website and a notice in the Jersey Evening Post, the consultation was shared by the JFSC on social media (LinkedIn, Facebook and Twitter) and was covered by the Bailiwick Express, BL Global and International Investment. The JFSC is also aware that various trade associations, inclusive of the Chamber of Commerce and Institute of Directors monitor publications made by the JFSC. In this regard, the JFSC believes it has met its statutory obligations under Article 15(3) of the Financial Services Commission (Jersey) Law 1998. That said, the JFSC welcomes any further feedback on how to engage with local businesses in addition to those methods outlined above.

### Inflation

- 2.3.3 A number of responses noted that the inflation rate described in the Consultation did not make it clear what inflation period was being considered. The Inflation rate between March 2016 and September 2019 is shown on the Government's Inflation calculator site as 11.5%. The tracker may be accessed via: <https://www.gov.je/Government/JerseyInFigures/BusinessEconomy/Pages/Inflation.aspx#anchor-1>. It should also be noted that a fee calculated using the inflation rate between January 2003 to September 2019 (a full inflationary hike was **not** passed on in 2017) would be in excess of £245.

### Registry/Regulatory Fees

- 2.3.4 One respondent requested further information in relation to efficiencies across the Registry and JFSC and further requested a breakdown of the split between Registry and Regulatory income.

#### JFSC response

- 2.3.5 The Registry is an integral and vital part of the JFSC and is not viewed separately. Although in Law, the Registrar and JFSC have separate roles and responsibilities, this does not prevent the two functions from operating in conjunction with each other thereby benefitting from the efficiencies gained by shared services and the ability to share information in the furtherance of the JFSC's Guiding Principles.

- 2.3.6 To reflect this vital and integral status of the Registry within the JFSC, Registry interests are represented by the Director General, Chief Operating Officer, and the Director of Registry at Executive level, who, amongst their other responsibilities, consider the Registry's interests as part of the integrated operating model the JFSC follows.
- 2.3.7 Accordingly, and in response to the requests above, a clear separation of costs is not possible. However further information may be relevant as contained in the published Annual Reports of the JFSC which is available on the JFSC's website.
- 2.3.8 It is important to note that the Registry by its very nature consumes more IT resource than perhaps any other area of the JFSC. What is clear is that increasing costs associated with cyber security are primarily due to the services provided by the Registry. Since the 2016 fees consultation, there have been new challenges faced by the Registry, notably international demands relating to AML/CFT and for beneficial owner and controller reporting. The costs associated with these requirements can be directly attributed to the Registry in order to provide all businesses registered with the comfort that their information is maintained in a controlled and secure manner.

## 2.4 Next Steps

- 2.4.1 It is clear from the responses received that the primary points of concern for all responses is the increase in annual return fees and the proposal to introduce a re-registration process and fee for Business Names. In this regard, the JFSC has:
- 2.4.1.1 Considered the feedback received and proposes to reduce the proposed Annual Return Fee by £5 for both paper and online submissions, appreciating that this fee level remains lower than Jersey's direct competitor jurisdictions
  - 2.4.1.2 Will put the proposal for the re-registration and fee of Business Names on hold until such a time where legislative amendments have been considered and consulted on by the Government of Jersey.
- 2.4.2 In light of the above, the JFSC will proceed with the fees as set out in the Fees Notices as attached as Appendices A – I.
- 2.4.3 The effective date of the Fee Notices is **1 January 2020**
