1 General guidance

1.1 Scope

- 1.1.1 As part of the 2024 data collection exercise, we are requesting data from persons registered to carry on trust company business (TCBs) with respect to the prescribed services they provide to non-profit organisations (NPOs).
- 1.1.2 An affiliation leader should complete the data request on behalf of all members of its affiliation.

1.2 Excel workbook

- 1.2.1 The Excel workbook sent to the TCBs contains 13 spreadsheets, as follows:
 - F–Regulated NPOs
 - FA-Regulated NPO Country List
 - A. Basic Information
 - B. Structural Information
 - C. Purpose and Objectives
 - D. Activities
 - E. Collections & Disbursements
 - F. 8(b) Country Data
 - G. 13(b) Country Data
 - H. 19 Country Data
 - I. 20 Country Data
 - J. 9(a) Currency Data
 - K. 10 Governors Controllers
- 1.1.2 Spreadsheets F-Regulated NPOs and FA-Regulated NPO Country List request the same data as in previous years, using the same numbering. The data collected through these spreadsheets will be used to inform a consolidated view of the level of NPO activity administered by the TCB.
- 1.1.3 The other 11 spreadsheets seek data specific to each NPO administered by the TCB and align to the information we would seek when registering an NPO.
- 1.1.4 TCBs are requested to complete all 13 spreadsheets.

1.3 Data reporting period

- 1.3.1 Data should be provided for the period 1/1/2024 to 31/12/2024.
- 1.3.2 There are some data items where the data should be provided as at the end of the reporting period (31/12/2024 or closest business day).

1.4 Data submission

- 1.4.1 TCBs are recommended to consider the data request as soon as possible. It may take some time to gather the data requested and the deadline for submission is **17:00 on 11 April 2025**.

- 1.4.2 Each TCB which provides a prescribed service to a regulated NPO will be submitting a completed Excel workbook for this element of Section II through MyJFSC.
- 1.4.3 TCBs that are required to make a submission have a designated individual who is the myJFSC data collection contact, which, in the vast majority of cases, is the compliance officer. Notwithstanding that the myJFSC data collection contact has responsibility for submitting the data, the board, or equivalent, of the TCB should have oversight of the content of the submission made on their behalf.

1.5 Integrity checking your submission

- 1.5.1 Before submitting your data we suggest that the integrity checks highlighted below for those responding with respect to regulated NPOs should be completed.

Regulated non-profit organisations

- 1.5.2 The following should all add to the same total number (**F1(f)**) as the questions analyse the number of regulated NPOs as at 31 December 2024:
 - (a) By prescribed service: F1(a) to (e) will auto add to F1(f)
 - (b) By purpose: F2(a) to (c)
 - (c) By fund raising and disbursing characteristics: sum of F3(a)(i) + F3(b)(i) + F3(c)(i)

2 Section F and section FA – regulated Non-Profit Organisations

2.1 Overview

- 2.1.1 This section collects data about NPOs that are administered by TCBs.
- 2.1.2 A NPO (see 2.1.3) is a regulated NPO when it is provided with a prescribed service (see 2.1.4) in the course of trust company business.
- 2.1.3 Non-profit organization is defined in Article 1 of the NPO Law:
 - (1) *An organization is a non-profit organization for the purposes of this Law if –*
 - (a) *it is established solely or primarily for charitable, religious, cultural, educational, social, or fraternal purposes with the intention of benefiting the public or a section of the public; and*
 - (b) *it raises or disburses funds in pursuance of those purposes.*
 - (2) *In paragraph (1) “organization” means a body of persons (whether incorporated or unincorporated), any legal entity and any equivalent or similar structure or arrangement and for the purpose of this Law the expression “organization” also includes persons acting as trustees of a trust.*
- 2.1.4 A prescribed service is defined in Article 7 of the Non-Profit Organizations (Jersey) Order 2008, and is summarised below as a service provided by:
 - (a) a person acting as, fulfilling the function of, or arranging for an employee to act as, a director, council member of a foundation or trustee, where the person is registered under the Financial Services (Jersey) Law 1998 to provide the service (Class G, Class L and Class OA); or
 - (b) a person that is a PTCⁱ that is acting as a trustee to a trust.
- 2.1.5 Regulated NPOs are not required to register as NPOs with the JFSC on the basis that the JFSC may exercise oversight of such organizations through its supervision of the TCB sector under the Financial Services (Jersey) Law 1998. Although we are aware that some regulated NPOs have chosen to register with us.
- 2.1.6 We are collecting data with respect to regulated NPOs for two reasons:
 - (a) The data will form part of the information utilised in its risk-based supervision of trust and company service activity.
 - (b) When added to the data held in respect of registered NPOs, a view can be formed on the size and activities of the Jersey NPO sector.

2.2 Guidance by question

F1 Number of regulated NPOs by class of prescribed service, as at 31 December 2024

- (a) **Class G (director of a Jersey company)**
- (b) **Class G (director of a non-Jersey company)**
- (c) **Class L (trustee of an express trust)**
- (d) **Class OA (member of the council of a foundation)**
- (e) **Private trust company acting as trustee of a trust**
- (f) **Total number of regulated NPOs (auto generated)**

- 2.2.1 Please insert, against the relevant class of TCB, the number of regulated NPOs to which services are provided, as at 31 December 2024.

- 2.2.2 Please note that the response for question F1(e) should be **the number of NPOs to which the PTC provides a prescribed service** (acts as trustee). Please do not respond by inserting the number of PTCs administered unless each PTC provides a prescribed service to one NPO.
- 2.2.3 F1(f) will automatically sum the entries above and therefore does not need to be completed.
- 2.2.4 Please do not leave any of F1(a) to (e) blank, rather please insert a “0”. F1(f) is an auto sum cell which will not work unless each of F1(a) to (e) contains an entry.

F2 Number of regulated NPOs, as at 31 December 2024, the purpose of which is:

- (a) Purely philanthropic**
(b) Head of an orphan structure
(c) Other

- 2.2.5 **Using the total in F1(f)**, please analyse the regulated NPOs into the 3 categories of:
- (a) Purely philanthropic
 - (b) Head of an orphan structure
 - (c) Other
- 2.2.6 We do not have, and do not intend to provide, a definition of a philanthropic NPO. TCBs may have their own definition and if present, this should be used to classify their regulated NPOs.
- 2.2.7 We consider the following may indicate that a NPO should be reported at F2(a):
- (a) A private initiative for the public good often with a focus on the quality of life
 - (b) Funds are provided by a single person or number of family members.
- 2.2.8 An obvious example being the Bill and Melinda Gates Foundation.
- 2.2.1 An orphan structure refers to a company whose shares are held by the trustee of a charitable trust. The company is said to be an “orphan” as it is not beneficially owned by any individual. Orphan structures may be used to ensure that:
- (a) assets and liabilities of the subject company are treated as “off-balance-sheet” with respect to the sponsor of the structure; and
 - (b) the company is “bankruptcy remote” from companies in the same group as the sponsor.
- 2.2.2 The sum of questions F2(a) to (c) should equal F1(f).
- 2.2.3 Please do not leave any of F2(a) to (c) blank, rather please insert a “0”.

F3 Regulated NPOs, as at 31 December 2024, that:

- (a) Raise funds publicly AND apply those funds to benefit the public or a section of the public**
(i) Number; (ii) Value (in GBP)
(b) Raise funds privately AND apply those funds only to benefit the public or a section of the public
(i) Number; (ii) Value (in GBP)
(c) Raise funds privately AND apply those funds primarily to benefit the public or a section of the public
(i) Number; (ii) Value (in GBP)
- 2.2.4 NPOs are of interest from a risk perspective due to the international evidence regarding the use of NPOs in the financing of terrorism.

- 2.2.5 Consequently, question **F3** is seeking a breakdown of the number of regulated NPOs that raise funds publicly (**F3(a)**) versus those that raise funds privately (F3(b) and F3(c)).
- 2.2.6 Where the funds are raised privately please consider how the funds are applied and split the number between:
- (a) Applied **only** for the benefit of the public or a section of the public (in this context the relevant funds are those available after the payment of any fees to the TCB) (**F3(b)**)
 - (b) Applied **primarily** for the benefit of the public or a section of the public (this case would apply if some of the funds available after the payment of any fees to the TCB are applied to a private cause) (**F3(c)**).
- 2.2.7 Questions F3(a)(i), F3(b)(i) and F3(c)(i) should be completed by analysing the total in F1(f). Please do not leave these cells blank, please insert “0” if no regulated NPOs of a particular type are being administered.
- 2.2.8 F3(a)(ii), F3(b)(ii) and F3(c)(ii) should be completed with the value of funds raised during 2024. If the regulated NPOs did not raise any funds during 2024 please insert a “0”.
- F4 Countries in which funds have been raised during the reporting period**
- F5 Countries in which funds have been disbursed during the reporting period**
- F6 Total amount of funds raised during the reporting period, by country, for the top ten countries by amount**
- F7 Total amount of funds disbursed during the reporting period, by country, for the top ten countries by amount**
- 2.2.9 From a risk perspective whenever funds are raised for a regulated NPO from outside Jersey, or distributed by the regulated NPO outside Jersey, this may carry an additional level of ML/TF risk. The degree of additional risk will be determined by the jurisdiction to which funds are distributed, or from which they are raised.
- 2.2.10 Questions **F4** to **F7** are designed to better understand this risk.
- 2.2.11 Responses should be provided on spreadsheet *FA-Regulated NPO Country list*.
- 2.2.12 Please note:
- (a) responses to F4 to F7 should cover the duration of the reporting period;
 - (b) questions F4 and F5 should be responded to with a “X” against the relevant jurisdiction;
 - (c) questions F6 and F7 only require the total amount raised or distributed by the largest 10 regulated NPOs; and
 - (d) it is not necessary to place an entry against every jurisdiction on spreadsheet *FA-Regulated NPO Country list*.
